

Region Three Flight Times To Treasure Valley Hospitals

*Total Transport Time includes 22 minutes for lift off, bedside time and patient movement. Times will vary slightly depending on pad location and final unit destination at receiving facility

*Treasure Valley Hospitals include St Lukes Boise / Meridian and Saint Alphonsus Boise / Nampa

*Expectation is the closest aircraft will be utilized once a request is made, if the closest aircraft is not available at the specified base location the flight should be transferred to the next closest aircraft available.

*Some facilities may have a faster ground transport to receiving hospital time, consider appropriate time vs appropriate level of care for all transfers

Referring Facility	Base location	Flight Time to Referring Facility	Total Transport Time From Referring Facility to Receiving Unit
