# SAINT ALPHONSUS UNIQUE FAMILIES PROGRAM<sup>™</sup>

Thank you for choosing Saint Alphonsus Health System. We look forward to caring for you and your family! **Our Unique Families Program™** mission is to provide exceptional care for patients and families that may need extra support and care during their stay here.

We have assembled this packet to provide an opportunity for much of the paperwork to be prepared and submitted in advance.

#### Attached you will find:

PHI RELEASE

• This form allows the hospital to release health information to listed parties.

#### BIRTH PLAN

• This form helps our team know your wishes. This plan is flexible and can be adjusted at any time during your stay.

FINANCIAL FORM.

• This form allows us to bill the correct entity for the infant care.

DELEGATION OF AUTHORITY TO MAKE HEALTH CARE DECISIONS

• If the birthing parent chooses to not make health care decisions for the infant, this form will allow the designated decision-maker to make the health care decision for the infant.

AUTHORIZATION OF RELEASE OF INFANT TO DESIGNATED THIRD PARTY

• This form allows the infant to be in the care of the designated third party when no available Power of Attorney is established.

In the event you have a gestational agreement that has been validated by an Idaho court under the Idaho Gestational Agreements Act (Title 7, Chapter 16 of the Idaho Code), then you do not need to complete the Delegation of Authority to Make Health Care Decisions or Authorization of Release of Infant to Designated Third Party forms. However, you will need to provide Saint Alphonsus a copy of the gestational agreement and the Idaho court's Order of Validation of the Gestational Agreement. If you would like Saint Alphonsus to share your PHI with anyone (e.g., Intended Parents or attorney), please also complete the PHI Release.

#### Please print and scan in this packet, and then email to the following:
